Giving that works!

Richardson East Rotary Club and Foundation

A charity with *real* impact

A Group You Can Trust

Most of us have been asked to “give ‘til it hurts,” a level of giving that is significant enough to make a noticeable difference in spending habits.

It feels great, but only if we know that the hard-earned cash we gave up has a chance to make a positive impact on lives.

That’s where the Richardson East Rotary Club and its foundation step in. When you give to our foundation, the money goes right to work, and most of that work is right here in our community. There are no paid staff and the only overhead is the cost of operating our annual fundraiser, the Casino Party held on the first Friday of every February at the Richardson Civic Center.

The 350-400 patrons who attend Casino pay the entire overhead and more with their ticket purchase.

Every sponsor dollar that comes in goes right back out to the community, either directly to those in need or through charities vetted through years of performance in our area.

Our Causes

College Scholarships - We give a minimum of three per year to outstanding, but needy, Richardson students. A portion goes to community college scholarships, with the balance to students attending four-year institutions.

Wheelchairs - Rotary has teamed up with The Wheelchair Foundation. Richardson East Rotary has put more than 800 needy individuals around the world in new wheelchairs, making some of them mobile for the first time.

Dental Clinic - Two Richardson East Rotary

members in 2009 founded a free dental clinic for needy Richardson ISD students. The club continues to support the clinic financially.

Network of Community Ministries - Richardson-based Network helps thousands of needy clients each year with immediate necessities, such as food, rent, transportation and other services. Plus, the group offers counseling and referrals to other

Rotarian Mark Denny, a Dental Clinic founder, treating a clinic patient

organizations when appropriate.

Polio Eradication - This is Rotary’s signature international effort. Richardson East contributes annually to this effort which has reduced polio outbreaks from more than 200,000 per year to a handful isolated in three countries.

Clean Water - Rotary has identified clean drinking water as one of its international initiatives, a basic commodity lacking in many developing countries.

Other Local Efforts - Richardson East Rotary donates time and money to other causes including:

- **Ark House**, extended stay apartment living for out-of-town families who have a family member hospitalized locally for an extended time;
- Neighborhood Youth and Family Counseling of Richardson**;
- Santa’s Village**, a city sponsored free winter wonderland set-up annually outside City Hall during the Christmas holiday period;
- Richardson YMCA**;
- and **Leadership Richardson**, a community leader training program.

The Richardson East Rotary Foundation is a 501c3 corporation
